A Treasured Cultural Heritage - From the Director

Executive Director Ed LaVarnway

The mission of the Frederic Remington Art Museum is to collect, exhibit, preserve and interpret the art and archives of Frederic Remington. We foster an appreciation for and an understanding of the artist by educating our audience in the visual arts, providing a context for Remington's art and times, and offering hands-on opportunities to individuals of all age groups.

In 2010 museum volunteers, trustees and staff all worked hard to fulfill that mission. Our children's museum, Kid's Place, established another consecutive annual attendance record, proving that our programming there meets a strong and growing need from area youths and their families. Visitors also included home school students, after school outreach, Head Start visitors, art camps and school tours. Sadly, throughout the country, and certainly in our region we see arts education programs being cut back by public schools at all grade levels. We believe that education in the arts is a vital component to childhood development.

While FRAM programming alone can't fill the emerging gap, we do our best to expand our educational programming with workshops and special

tours for school groups. An important step in that direction late last year was the welcome addition of Museum Educator Lauren Gilmour, a certified K - 12 art teacher. Lauren has already enriched our educational programming in her short time here, and plans a significant expansion going forward.

2010 was another good year for exhibits at the museum. The most popular was (and is, until September 10, 2011) *Frederic Remington Favorites*, featuring works in our collection chosen by many of the museum's friends. Each work is accompanied by written comments from our friends explaining why "this is my favorite Remington".

Restoration Continues - Restoration of the 1810 Parish Mansion will continue in the 2011 construction season as we replace damaged cornices, the eastern wing roof and remove 29 layers of masonry coatings. Our vision is to bring the fine old mansion back to its original glory when it was known as "The Rose Villa" and considered to be one of the finest homes in the region.

Distance Learning - Our internet-based interactive distance learning programs allow students to visit the museum without leaving the classroom - a service that is even more important in these financially challenging times. All of our programs conform to NYS education standards.

The people and organizations listed here all contributed time, financial support, counsel and especially their care for the museum. They deserve our heartfelt thanks.

Finally, I want to personally thank the museum's dedicated staff, Scott Beyette, Stephanie Billington, Laura Foster, Lauren Gilmour, Shirley McDonald, Debbie Ormasen, and Shannon Wells for their selfless dedication to the institution we all hold so dear.

The Frederic Remington Art Museum's Centennial Campaign Committee continues to raise funds to benefit the Remington and its valuable collection. As funds allow, the following needs will be addressed: the exterior restoration of the Parish mansion; providing long-term stewardship through Endowment growth; and obtaining new operational support for the museum's curatorial, education, and marketing programs.

Co-Chaired by Museum Trustee, Kate Newell, and Board President, Ann Spies, the Campaign Committee is comprised of fellow board members Lee Hirschey, Cyril Mouaikel, Marilyn Splete, former board member, Ann Sullivan, and the Museum's Executive Director, Ed LaVarnway. To date, the Centennial Campaign has received \$1,451,817 in pledges and gifts from numerous donors including foundation, state and federal grants, and private individuals. Their support and generosity is most appreciated.

As we begin the more public phase of our campaign in communities throughout the North Country, we hope you will consider a gift to help us reach our \$4 Million goal to ensure the future well-being of our unique cultural and educational institution and regional tourist destination, the Frederic Remington Art Museum!

Museum Shop

In 2010 we developed a new look in the museum shop and stronger earnings as we expanded into new markets in corporate sales. We are working on several new products for the year ahead including high definition giclée flat-works with customer selected framing options. Visit the shop at www.fredericremington.org to see what's new.

Collier's Prints. We have available archivally framed Collier color prints from the years between 1904 and 1911, representing eleven different Remington paintings. These prints reflect the manner in which much of the public was first introduced to the art of Frederic Remington. Prices range from \$1,095 to \$2,195. Three prints sold in 2010.

Icons of the West: Frederic Remington's Sculpture. Written by Michael D. Greenbaum and published by the Museum in 1996, this hardcover book describes each of Remington's twenty-two bronze sculptures. This title is nearly sold out, and we hope to reprint a 2nd edition.

Kid's Place

In October 2010, management of Kid's Place changed hands. Certified K-12 Art Educator Lauren Gilmour was hired to oversee events and activities, schedule new programming, and to locate and schedule new art instructors for additional art classes for an older age range. Kid's Place has always offered learning-based activities in a safe and inviting environment, and Ms. Gilmour has been working to offer age appropriate programming for anyone visiting the facility.

Toddler Time: Come early on a Tuesday morning in the summer to enjoy Toddler Time! Toddlers and caretakers can enjoy learning new songs, dancing, playing games and an art activity.

French Exchange Students

Field Trips: The photo above is of a group of roughly 20 French Exchange Students. This group visited the galleries in the main museum before coming to Kid's Place for a guided art activity where they recreated Western scenes using Remington-inspired backgrounds.

Open Hours for Free Play:

If coming in for an afternoon of free play, visitors can expect to find a fully stocked art studio, a dress-up trunk where children can don hats, chaps and boots, a canoe for pretending to fish on the St. Lawrence, a talking moose named Matt, and a full size horse named Rusty!

Birthday Parties: Kid's Place continues to be quoted as "the best place in town to have a birthday party." Virtually every weekend we can count on a group celebrating someone's special day with us. Kid's Place saw roughly 1,100 children and adults throughout 2010, averaging to about 93 party people a month! Guests can count on privacy for their group, which can include up to 40 people per party, as well as a fully stocked art studio to entertain all age levels, a designated area for food and cake, freedom to explore the North Country play areas, and a hook to hang your piñata.

Food is not provided by the museum, and most order pizza delivered. We do accommodate by having serving utensils in our full kitchen with a freezer for your ice cream. Bring your streamers, themed plates and cups, and don't forget the cake!

Parties range in price depending on time length and membership to the museum. For more information, call 393-2425 or visit us online at www.fredericremington.org.

Home School: Families in our Home School program can feel confident in knowing that their children are receiving quality art education based on the NYS learning standards, tailored to fit each child's age group and learning style. We meet every month on the 1st Wednesday at 11:30. At noon, after a half hour of free play, we convene in the classroom for our lecture and project. At 3 o'clock we separate with everyone discussing what they learned and how much fun next month's lesson will be. Cost per student is \$2.00/class.

Lunch Bunch: This program meets throughout the year in the early afternoons on each month's 2nd and 4th Wednesday. Bring a bagged lunch, enjoy an art activity, and also relax afterwards with story time. 2010 saw 283 Lunch Bunchies, and in 2011 we hope to see many more.

Online Options: Visit our Workshops and Programs section at www.fredericremington.org for online games and puzzles, or to print a scavenger hunt that will accompany you on your tour of the main museum's galleries. Also, find us on Facebook! By liking our Kid's Place page and our Frederic Remington Art Museum page, Facebook users are instantly updated to current happenings at both facilities. Stay connected to your favorite places to visit!

Most programming at Kid's Place has been and will continue to be offered free of charge, unless otherwise mentioned. Record highs were set in attendance in 2010; records that we anticipate surpassing in years to come. Kid's Place is a bustling center for socialization; a place that can help build stronger ties between our community members and youth.

Art Workshops: Art classes are offered to age ranges adolescent to adult. It is required that you sign up in advance by calling 393.2425. Classes are subject to change. To find out about new upcoming classes visit our website at www.fredericremington.org.

Aquisitions

In a Sharp Scurry of Rain, 1888

In 2010 we received a Frederic Remington pen and ink drawing, *In a Sharp Scurry of Rain*, 1888 from the estate of Dorothea Jean Hassler.

Remington created the drawing to illustrate an article in *Outing Magazine*, April 1888, p. 68. Prior to this, the location of the original drawing was unknown to Remington scholarship. We added the drawing to *Frederic Remington: Master of Diverse Media* in the Addie P. Newell Gallery.

The Cavalry Came Upon Their Jaded Horses, c. 1894
ink wash, 22 x 19 ½"

This work illustrated the *Cosmopolitan* article, "The Story of a Thousand" by Albion W. Tourgée, January, 1894, p. 345. The article documents the Civil War activity of an Ohio regiment called "The Thousand." Remington accurately shows the exhaustion of these jaded horses. After more than a century in private hands, this work enters the public realm with this generous donation. After conservation treatment, the work will be exhibited as part of Frederic Remington's 150th birthday celebration in the fall of 2011.

Ingleneuk Club Members - current

From 1900 to 1908 Frederic Remington owned and reveled in an island retreat on the St. Lawrence River he called Ingleneuk. He spent from May to September of each year there, working and playing vigorously, often entertaining both summer “river people” and visitors from the city. Remington found the setting deeply restorative, and produced many of his finest oil masterworks at his island studio. The word Ingleneuk is a Scots Gaelic term that invokes a warm and comfortable place to share the company of good friends after a hard day’s work.

We call our highest level of Museum membership the Ingleneuk Club. This dedicated group shares Remington’s affection for the North Country and an abiding dedication to sustaining his legacy here. Ingleneuk Club members provide their \$1,000 annual dues to help us preserve and exhibit our collection, as well as provide educational programming and foster an appreciation of Remington’s work.
